

The Leibniz ScienceCampus »Eastern Europe – Global Area« (EEGA) organises a Colloquium for researchers, students and interested guests involved in the fields of Global, Transregional and Eastern European Studies, and neighbouring disciplines. The Colloquium serves as a hub and melting pot for research in Leipzig, Halle and Jena, crossing borders and strengthening the network between the various academic and research institutions in the region. In the Colloquium, researchers from EEGA's Partners, EEGA's Research Areas and holders of the EEGA Fellowship enjoy the limelight of an expert forum to present and discuss activities, projects, and strategies.

### Registration

The Colloquium incorporates events at EEGA's partner institutions, thus offering a forum with a broader audience and building up momentum for development and outreach within an overarching framework. Please be our guest and contribute.

Most of the EEGA Colloquium events will be held online. For more information on the format, online access and venues, please see our website: <https://www.leibniz-eeqa.de/events/eeqa-colloquium/>. To register, please send an e-mail to [leibniz-eeqa@leibniz-ifl.de](mailto:leibniz-eeqa@leibniz-ifl.de) with the title of the event, your name, institution and your email address. For some events, additional registration with the host institution is required.

The implementation of the project was made possible with funds from the funding line strategic networking of the Leibniz competition within the framework of a Leibniz ScienceCampus.
